THE MISSION

"To appreciate and anticipate the customers' request for health cleaning, to respond expeditiously, and add value to life."

PAST PERFORMANCE

Fort Jackson, SC, Oct. 1, 2018 thru Sept. 31, 2023

Vanderhorst Enterprises, Inc. provides custodial services to various buildings and activities located at Fort Jackson, Columbia, SC. The goal is to support mission accomplishment by providing a healthy clean environment using hospital grade disinfectants to provide a sterile environment at all buildings for occupants, users, and visitor. US Army Garrison Fort Jackson is in Columbia South Carolina. Fort Jackson consists of approximately 52,000 acres and 1,319 buildings. The population consists of approximately 4,500 military and Government civilian and Contractor personnel. Vanderhorst Enterprises, Inc. is responsible for healthy cleaning custodial services at the Soldier Support Institute (97,300 sq. ft), Six (6) Child Development Centers (CDC's 95,457 sq. ft.), and Youth Center. We are providing COVID cleaning and disinfecting of high touch points (HTP's) in classrooms, restrooms, labs, cafeteria, and offices. Other services include carpet cleaning, stripping/waxing vinyl composite tile-VCT floors, window cleaning, restocking dispensers, and trash removal.

Electrolux, Kinston NC, December 1, 2018 thru November 30, 2022

Vanderhorst Enterprises, Inc. provides the custodial services with day porters and night staff to deliver a sterile, healthy, and clean industrial environment for the 330 employees and management staff manufacturing dishwashers.

TSA Charlotte Douglas International Airport Charlotte (CDIA), NC, August 1, 2019 thru September 1, 2024

Vanderhorst Enterprises provides healthy cleaning custodial services for TSA leased space at CDIA, Charlotte, NC. We are responsible for removing trash from the facility and disposing of the trash in a dumpster located on the property while being responsible for high touch point (HTP) cleaning in an extremely high traffic volume airport. We disinfect offices, hallways, breakrooms, classrooms, training rooms to provide travelers, agents, and the management staff a healthy clean sterile environment to focus on operational decisions.
